- 3 Click **Save Changes** at the bottom of the form. You will be asked to confirm your owner profile details. If the information is correct, click **Continue** to save your changes, otherwise your updated information will not be saved.

View/Edit Product Details

To view or edit your product options and settings that are enabled on your profile, click **View Product Details** at the bottom of the owner profile screen. Your Product Details page summarizes all the features available to you as an owner and allows you to customize your preferences for your conferencing services. A description of the options available with each service is provided at the end of this guide.

VIEW YOUR DIAL-IN NUMBERS

The first section on the Product Details page shows the conferencing services available with your account. Click **View All [service name] Numbers** to see the dial-in numbers associated with that service.

Manage Delegates

Add, edit or delete delegates who have access to your InterCall Online account. If you provide someone delegation rights to your InterCall Online account, they will be able to schedule your calls, start your calls and access your library of stored material. They can also manage your account on your behalf.

ADDING NEW DELEGATES

- 1 To add a new delegate, input either the first name, last name or InterCall Online user name and then click **Search**.
- 2 You will be provided a list of available users from your company. Select the user you want and click **Add Selected User to Delegate List**.
- 3 Choose the roles for your new delegate, i.e., My Meetings, My Library or Owner Profile, by choosing the checkbox in the appropriate column.
- 4 Click **Submit** to save.

First Name	Last Name	User Name	My Meetings	My Library	Owner Profile	Expiration Date
Alison	Templeton	Monday	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Alison	Templeton	Tuesday	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

EDITING EXISTING DELEGATES

All delegates that have already been selected are listed on the page with each delegate's role assignment and expiration date. By selecting the checkbox beside the delegate's name, you may:

- + Select or deselect role management options, i.e., My Meetings, My Library and Owner Profile.
- + Delete selected delegates.
- + Change the expiration date for all selected delegates.

> Manage My Account > Manage Delegates

Name Search
Please use the search function to find the Delegate that you would like to view/edit.
Search results will be displayed below.

First Name	Last Name	User Name	My Meetings	My Library	Owner Profile	Expiration Date
Alison	Templeton	Monday	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

Appendix: Product Option Descriptions

A. AUTOMATED

Leader passcode: The code you enter to start your call.

Participant passcode: The code entered by your participants to join your call.

Automated unique passcode: A new passcode is assigned to each of your automated calls.

Entry Announce: Select how you want your participants joining a call to be announced. Choose from the following options: tone, name announce, name and tone or silence.

Exit Announce: Select how you want your participants disconnecting from a call to be announced. Choose from the following options: tone, name announce, name and tone or silence.

B. RESERVATIONLESS-PLUS

Conference passcode: The unique passcode you provide to your participants so they may join your call. You may provide a custom passcode in this field or leave it blank and the conference passcode will default to the phone number on your profile.

Leader PIN: The code you enter to start your Reservationless-Plus conference. You may provide a custom leader PIN or leave the field blank and the system will assign a random code.

Dial-Out: Select ON or OFF to determine whether or not your participants can be dialed out to via the Web Moderator or if dial-in is the only option.

Monthly Port Selection: Select the number of participant lines that your account can accommodate on your Reservationless-Plus calls.

Entry Announcement: Decide how your participants are announced when they join your audio conference call. Choose from the following options: tone, name announce, name and tone or silence.

Exit Announcement: Decide how your participants are announced when they leave your audio conference call. Choose from the following options: tone, name announce, name and tone or silence.

Security Passcode: Provide an added level of security for your audio conference by having greater control over who joins. You can select and distribute the security passcode for every conference you host. Note: This feature must be OFF if Quick Start is enabled.

Quick Start: Select Quick Start to immediately begin your reservationless conference call by allowing your participants to enter your conference before you

join and start speaking before the call officially begins. Note: This feature must be OFF if Security Passcode is enabled.

Auto Continuation: This feature allows a Reservationless-Plus conference to continue if you disconnect. This option can be turned ON or OFF.

PAC via DTMF/telephone keypad: When enabled, this feature prompts you to enter a Project Accounting Code (PAC) using your telephone keypad prior to starting your conference call. This option can be turned ON or OFF.

Recorder Dial-Out/Conference Record: Record your conference by pressing *2 on your telephone keypad. This option can be turned ON or OFF.

Prompt Set Language: Select which language the call prompts will be spoken in.

Continuation: Use DTMF tones during a call to allow the conference to continue if you disconnect. This option can be turned ON or OFF.

Operator request: Select who can request an operator to attend your call.

Name record: Decide whether your participants will record their name as they enter the call.

Post-Conference Emails: Keep an attendance roster of your participants with an email record of which participants were on the phone and/or web. Also, keep track of your total conferencing minutes to anticipate your call's budget. A monthly fee is applicable if this option is turned ON.

Sub-conferencing: Allow pre-selected guests to join a private discussion during your conference call. Sub-conferencing allows you to discuss side issues and other non-public information. This option can be turned ON or OFF.

Waiting Room: Have your participants placed on music hold until you are ready for them to join the conference call. This feature is helpful when you have two back-to-back conferences scheduled with two different groups. This option can be turned ON or OFF.

Allow Multiple Leaders: Pre-select participants to have access to your keypad commands. This option can be turned ON or OFF.

C. OPERATOR ASSISTED AND DIRECT EVENT OPTIONS

DEFAULT OPTIONS

Direct Entry: Select Direct Entry to quickly join an audio conference. It allows participants to immediately enter the conference and start speaking before the call officially begins.

Music Hold: Place participants on music hold until the teleconference begins. Music Hold creates a formal atmosphere for the conference.

Name Announce: Have participants' names announced by an operator as they join the conference, letting everyone know who is on the call. Name Announce makes it easy for you to keep track of your call's audience.

Polling: Use the operator to survey all conference participants. You determine the questions prior to the conference and participants respond using their telephone keypads. Polling allows you to collect instant feedback and increases participants' involvement in the call. You receive a report with all responses that is organized by question and participant.

Broadcasting: Select to have a broadcast message sent to your participants outside of your conference call.

International Link: Connect your international participants to your conference call, including links through international call centers, toll and toll-free access numbers and dial-out options.

Approved Participant List: Indicate which of your participants are scheduled to be on your conference and at what time during the call. Only those on the list will be joined to the conference.

Leader-ViewSM: Get a private, real-time view of the participants on your call using this simple, web-based interface. You can view the names of individuals waiting to ask a question and other pertinent information. Leader-View effectively manages investor relations and other public conferences.

Sub-conference: Allow pre-selected guests to join a private discussion before the conference begins. Sub-conference lets you review last minute details, side issues and other non-public information.

Entry Tone Notification: Hear a tone whenever a new participant enters the teleconference. It lets everyone know that a new participant has joined or left the teleconference without interrupting the conversation.

Roll Call: Have the operator broadcast the names of all participants who have joined the call. Roll Call confirms that all expected participants are in attendance.

Lecture Mode: Mute all guests' lines during the presentation to reduce background noise allowing you to deliver your message uninterrupted.

Email Confirmation: Double-check the specifics of your teleconference. You can choose to receive a confirmation of your conference details via email.

Fax Confirmation: Double-check the specifics of your teleconference. You can choose to receive a confirmation of your conference details via fax.

Voice Talent: Use screened and trained operators to provide voice-over quality talent, lending a professional touch to high-profile conferences. Voice Talent is beneficial for media-facing events or conferences hosted by your firm's upper management.

Custom Scripting: Craft a special message for a welcome statement, Q&A session and/or closing comments. Your script is read by the operator during your conference. Custom Scripts offer you another way to personalize your calls.

Exit Tone Notification: Hear a tone whenever a new participant enters or exits the teleconference. It lets everyone know that a new participant has joined or left the teleconference without interrupting the conversation.

Question & Answer: Give your participants the opportunity to ask questions during the conference. Participants indicate that they have a question using their telephone keypad, while the operator manages the question queue in a professional and orderly fashion.

Security: You can prevent additional participants, including the operator, from joining the conference by pressing a command on your telephone keypad. Conference Lock gives you the freedom to discuss confidential information in a secure environment. Selecting this feature will alert the operator to review the Conference Lock function with you prior to being placed into your conference.

Password: Participants must provide the operator with the pre-determined word or code you provide in the Password field to join the conference.

Call Transcription: Receive a written record, either electronically or in hard copy, of what was said during the conference. Transcriptions are helpful for identifying sound bytes and quotes for post-event press releases. Choose to transcribe the entire call or just the Q&A session. We provide several different delivery options to fit your specific needs.

Leader Order/Entry: Create a friendly atmosphere for the conference by joining the conference before your participants. It gives you the opportunity to greet participants as they enter the call. Alternatively, Leader Last lets you join the conference after everyone else has arrived, creating a formal atmosphere. Leader Last is recommended for large presentations and speaking events.

Promotional Playback: Send InterCall a tape for your participants to hear while they wait for the conference to begin. A promotional tape sets the tone for your call and can provide participants with relevant information about the speaker or conference topic.

Conference Record/Playback: Replay a previously recorded conference or message at one or more scheduled times. Select from CD, cassette, DAT, Encore or micro-cassette to indicate in which format the conference playback will be delivered.

ENHANCED FEATURES

Special Annunciator: Customize the recording that is heard initially when dialing in for your conference call.

Communication Line: Speak with an operator outside of the main conference to convey behind-the-scenes information, orchestrate guest speakers or give timing cues. A communication line makes it easier to manage a large conference.

UK/HK Comm Link: Allows contacts from Europe or Asia Pacific to speak with an operator outside the main conference to convey behind-the-scenes information to orchestrate guest speakers or give timing cues.

Tape Recording: Capture your event on a CD, cassette, microcassette or DAT to provide you with a high-quality recording of the call for your archives. For easy navigation through your recorded conference, we also provide CD indexing.

ENCORESM OPTIONS

Encore: Digitally record your call for those who were unable to attend it live or would like to listen again. The recording is accessible 24/7 by dialing a toll-free number.

Encore Security Code: To access your Encore recording, guests will be required to enter the Encore Security Code.

PARTICIPANT REPORT

Participant Report: Participants' names, on-the-line times, phone numbers and up to four additional pieces of information selected by the user are captured as they dial into the conference. This list is faxed or emailed to you following your call. Choose a default from the following:

- **Standard** – Participant's first and last name.
- **Enhanced** – Participant's first and last name, phone number and two additional pieces of information of your choice. If selected, add the additional requested information you desire into fields 3 and 4.
- **Premium** – Participant's first and last name, phone number and four additional pieces of information of your choice. If selected, add the additional requested information you desire into fields 3 to 6.

Lastly, provide a recipient name and an email and/or fax number for the report to be delivered.
